

DANIEL FELIPE LOPEZ RUBIO

Fullstack Developer | React · Next.js · Node.js · TypeScript | Remote

Fullstack Developer with 2+ years of experience working on production systems, specialized in React, Next.js, Node.js, and TypeScript. Experienced in dealing with unstable architectures, refactoring critical modules, and improving maintainability and system reliability in real-world environments. Used to collaborating with remote teams across LATAM and delivering scalable, production-ready solutions.

EXPERIENCE

MAY 2024 - PRESENT

Carryt - Fullstack Developer

- Actively involved in the development and maintenance of platforms such as DIKE, Fieldvision, and Treggo.
- Contributed to a logistics platform recognized among the Top 100 Startups to Watch in Colombia (2025).
- Stabilized and improved a modular architecture to support operations in Colombia, Mexico, and Brazil.
- Refactored and optimized core business logic, including driver settlement and payment calculations.
- Took ownership of critical financial processes, ensuring accuracy, scalability, and maintainability.
- Built entire modules from scratch, translating business requirements into scalable technical solutions.
- Developed and maintained multiple production-grade platforms including DIKE, Fieldvision, and Treggo.
- Refactoring of critical modules over an unstable architecture, significantly improving maintainability.
- Implementation of an automated fullstack logging system for real-time error detection and reporting.

OCTOBER 2023 - APRIL DE 2024

Disruptive Information Technologies - Frontend Developer

- Led the frontend development of the Masbook web application, from scratch to production.
- Designed and implemented a scalable architecture using Next.js and TypeScript across multiple modules.
- Worked closely with the backend team to improve UX and overall system performance

APRIL 2023 - OCTOBER DE 2023

SENA - Fullstack Developer

- Development of an administrative dashboard using React and Tailwind CSS.
- Design and implementation of a layered REST API using .NET 6.

JUNE 2024 - PRESENT

D&D - Fullstack Developer

- Development and maintenance of an e-commerce platform.
- Implementation of administrative and end-user features.

TECHNICAL SKILLS

- **Frontend:** React, Next.js, TypeScript, JavaScript
- **Backend:** Node.js, Express, .NET
- **Databases:** PostgreSQL, MongoDB
- **Tools:** Git, GitHub, Docker
- **Cloud:** AWS (básico)

EDUCATION

2023 - 2024

Software Analysis and Development Technologist - SENA

Medellín, Colombia

LANGUAGES

- **Spanish:** Native
- **English:** intermediate (B1)
